Transportation Alternatives Program (TAP)
2017 Call for Projects

To All Interested Parties:

The Corpus Christi Metropolitan Planning Organization (MPO) is pleased to announce the FY 2017 Transportation Alternatives Program (TAP) Call for Projects. The TAP was authorized under Map-21 and provides funding for programs and projects that expand transportation choices with a focus on non-traditional transportation projects. TAP funding is for construction only within the MPO Boundary Area, which interested parties may find at http://www.corpuschristi-mpo.org/07_gis_maps.html.

Available funding for FY 2017 is $470K. Given the relatively small amount of available funding for FY 2017, the FY 2017 TAP Call for Projects will be broadened to cover FY 2018, wherein proposals submitted for, but not funded by, the FY 2017 TAP will be considered for support under the FY 2018 TAP. The FY 2018 TAP funding allocation has not yet been determined, and thus a supplemental call for projects for FY 2018 may be issued, pending the number and alignment of requests and the announcement of available FY 2018 TAP funding.

The FY 2017 TAP Call for Projects closes at 5:00 p.m., CST, on January 29, 2016. The MPO's TAP Submittal Guide, Project Submittal form and other information are available at the MPO's website: http://www.corpuschristi-mpo.org/05_projects_tap.html.

MPO staff is available to discuss TAP program information and the project submittal process.

Warm Regards,

Jeff Pollack, AICP, ENV SP
Transportation Planning Director
Corpus Christi MPO
