The Corpus Christi Metropolitan Planning Organization (Corpus Christi MPO) invites the public to participate in a series of public meetings regarding the initial overview of the 2050 Metropolitan Transportation Plan (MTP), a comprehensive blueprint for the region's transportation future.

The 2050 MTP, updated every 5 years, will steer transportation investments and enhancements in the Corpus Christi region for the next 25 years. To ensure that our plan aligns with the needs and priorities of our vibrant community, we are embarking on extensive public outreach initiatives throughout 2024.

#### Online Hub

As part of the outreach efforts, the Corpus Christi MPO has created a central information hub at <https://connect.corpuschristi-mpo.org/metropolitan-transportation-plan> where residents can learn about the plan's development process, provide feedback, and stay informed about upcoming events.

"Engaging residents with surveys, focus groups, and other outreach efforts, will ensure that the 2050 MTP effectively addresses the challenges and opportunities facing our region."

These public meetings will all cover the same topics; safety, congestion, maintenance conditions, an introduction to the Corpus Christi MPO, their schedule, a funding overview, population and employment trends, and more. This is an opportunity for residents to learn about the planning process and contribute their thoughts on the direction of future transportation projects and policies.

Each meeting will be held from 4:30 p.m. – 6:30 p.m. Attendees will have the chance to ask questions, provide feedback, and engage with MPO representatives and other community members.
